X-Men: Elsewhen (Volume 1 of 3)

● WRITTEN AND ILLUSTRATED BY JOHN BYRNE

Legendary comic book creator John Byrne returns to the characters he first drew 50 years ago, the X-Men, with this all-new, one-of-a-kind graphic novel series, *X-Men: Elsewhen*. This special three-volume series picks up the story from Byrne's original run on *Uncanny X-Men*, taking the characters in thrilling and

In Volume 1 of *X-Men: Elsewhen*, the Dark Phoenix Saga is over and Phoenix is . . . alive?! Diverging from the epic finale of the original storyline from 1984, *X-Men: Elsewhen* presents a universe where Jean Grey's powers and intellect have been greatly reduced, and from there, everything you thought you know about the X-Men is forever changed. John Byrne's monumental return to the X-Men heads in entirely new and surprising directions, as the X-Men head back to the Savage Land, face their climactic adventure with the Sentinels, and contend with special guest-stars such as the Avengers and the Fantastic Four along the way.

X-Men: Elsewhen is a three-volume graphic novel series in the Marvel Arts line that sees the return of acclaimed X-Men artist Byrne decades after his last work on the series. Byrne has written and penciled every page and inked multiple chapters, all of which pick up the story from where his first go-round ended, taking this beloved lineup of characters—and his fans—in exciting new directions.

John Byrne is a British-born American comic book writer and artist who has worked continuously in comics since 1975. Byrne got his start at Charlton Comics before moving to Marvel Comics on series such as *Iron Fist* and *The Champions*. He took over penciling duties on *Uncanny X-Men* in 1977, where he co-plotted and illustrated one of the most acclaimed and influential runs in comic book history. He went on to revitalize *Fantastic Four*, *Alpha Flight* and *She-Hulk* before leaving Marvel for DC Comics in the mid-1980s. There, he relaunched *Superman* for a new generation of readers. He is also the creator of series such as *John Byrne's Next Men*, *Danger Unlimited*, and *Cold War*. Byrne entered the Eisner Hall of Fame in 2015. He lives in Stamford, Connecticut.

SELLING POINTS

LEGENDARY CREATOR: John Byrne, the Eisner Hall of Fame comic book writer/artist who co-plotted and illustrated some of the most memorable *Uncanny X-Men* comics of all time, returns to write and draw new X-Men graphic novels—his first time creating new adventures for this iconic team in more than two decades.

SINGULAR GRAPHIC NOVELS: Byrne's initial work on *Uncanny X-Men* is one of the most lauded runs in Marvel Comics history, with stories that served as inspiration for multiple big-screen films and animated series alike. Byrne created over 600 pages of new stories that pick up where he left off, with one key difference: In the original comics, the character of Phoenix made the ultimate sacrifice to save the galaxy . . . but in the original ending that Byrne and writer Chris Claremont envisioned, Phoenix survived, albeit her powers greatly diminished. Our new trilogy of graphic novels from Byrne picks up from this point, telling divergent stories as though he never left the title.

Marvels: The Novelization

● WRITTEN BY STEVE DARNALL, ILLUSTRATIONS BY ALEX ROSS

For the first time, a novelization of Kurt Busiek and Alex Ross' bestselling and now classic miniseries from 1994—*Marvels*, offering an unprecedented interpretation of one of the most famous stories in Marvel Comics history

Welcome to New York. Here, burning figures roam the streets, men in brightly colored costumes scale the glass and concrete walls, creatures from space threaten to devour our world . . . and everyone else is going about their lives. This is the Marvel Universe, where the ordinary and fantastic interact daily. This is the world of *Marvels*—one of the most important and bestselling stories in Marvel Comics history, which Stan Lee described in his introduction to the first collected edition as “innovative, brilliantly conceived, and skillfully executed.”

Over 30 years later, Kurt Busiek and Alex Ross's groundbreaking comic book series *Marvels* gets a long-awaited novelization by Steve Darnall, author of *Uncle Sam* and Ross's writing partner on the original proposal.

Marvels was a landmark series when it was first published—peeling back the curtain on Marvel's history. It's a story told from the perspective of an everyman character—news photographer Phil Sheldon—who chronicles a world full of costumed superhumans, providing an on-the-ground view of events in the Marvel Universe as they unfold. Darnall's prose perfectly captures the magic of Busiek and Ross' art and story, offering insights and background previously untold in the comic book. Tying the story together in a stunning package is an all-new painted cover, four all-new color illustrations, and four all-new black-and-white illustrations by Alex Ross, as well as an all-new afterword by Ross.

Steve Darnall first worked with Alex Ross when the two collaborated on a Human Torch story that served as the inspiration for the award-winning 1993 series *Marvels*. The two later worked together as writer and artist on the graphic novel *Uncle Sam* and the 2020 anthology *Marvel*. Darnall also served as a consultant on the movie *Being the Ricardos* and Ken Burns's documentary *Country Music*. He is the editor of *Nostalgia Digest* magazine and the host of two weekly radio shows dedicated to the golden age of radio. **Alex Ross** studied illustration at the American Academy of Art in Chicago, then honed his craft as a storyboard artist before entering the field of comics. His groundbreaking miniseries *Marvels* created a wider acceptance for painted comics. In 1996, he moved on to produce the equally successful *Kingdom Come* for DC Comics. At Abrams ComicArts, Ross is also the writer and artist of *Fantastic Four: Full Circle* (the award-winning national bestseller), *The Alex Ross Marvel Comics Poster Book*, *The Alex Ross Marvel Comics Super Villains Poster Book*, and *Uncle Sam: Special Election Edition*.

SELLING POINTS

BELOVED AND BESTSELLING STORY: Originally a four-book miniseries published by Marvel Comics in 1993, Kurt Busiek and Alex Ross' *Marvels* is one of their bestselling backlist titles, with over 1.5 million copies sold and 25 foreign editions. In over 30 years of publication, *Marvels* has never been out of print, and has spawned numerous follow-up projects, special editions, and tie-ins, and led to Ross' best-known work—*Kingdom Come*—for DC Comics.

DYNAMIC CREATIVE DUO: Steve Darnall and Ross have an extensive and illustrative history, working side by side with Ross on the initial pitch for *Marvels* back in 1993, and collaborating on titles such as *Uncle Sam* for Vertigo Comics in 1997 and the anthology *Marvel* in 2020.

CONTINUING RELATIONSHIP: We are excited to build upon our publishing relationship with Ross, which began with the award-winning national bestseller *Fantastic Four: Full Circle*. In addition to curating our Marvel Arts line, Ross has also created poster books and calendars for Abrams, as well as the reprint of *Uncle Sam: Special Election Edition*. He is currently working on his next original graphic novel for Marvel Arts, which will be announced shortly.

The Avengers in the Veracity Trap!

● BY CHIP KIDD AND MICHAEL CHO

The newest graphic novel in the Marvel Arts line, the Avengers star in a reality-bending adventure from award-winning creators Chip Kidd and Michael Cho

What happens when Earth's Mightiest Heroes learn who—and what—they truly are? It starts with an epic battle in Asgard, as **Loki**, the god of mischief, comes into possession of a weapon of unimaginable power and assembles an army of otherworldly monsters in an effort to carry out his evil plans. Cue the **Avengers**—**Captain America**, **Iron Man**, **Thor**, the **Hulk**, **Giant-Man**, and the **Wasp**—who meet this horrifying throng of beasts head-on as a thrilling, knock-down drag-out fight ensues. But when the smoke clears, what appears to be a typically raucous comic book take-down is revealed to be something very, very different—and very, very terrifying. And this discovery threatens to destroy the Avengers in a way that Loki or any other foe never has before. Because this time the enemy is . . . the Truth.

Writer **Chip Kidd** and artist **Michael Cho** have created a mind-bending, visually sumptuous saga that takes the Avengers—and you, the reader—to places that challenge everything we thought we knew about super heroes and the very nature of heroism . . . villainy . . . and existence. Oh, and did we mention that it's absolutely *hilarious*? Welcome to *The Veracity Trap*, a truly profound conundrum of a comic, where no one—not even the Avengers—can escape!

Includes a reversible, two-sided dust jacket featuring Giant-Man, Thor, Iron Man, and the Wasp with exclusive art by Michael Cho on the underside and Hulk and Captain America on the case—beautifully designed by Chip Kidd.

Hirschfeld's Icons

A POSTER BOOK

- WRITTEN BY DAVID LEOPOLD; ILLUSTRATED BY AL HIRSCHFELD; INTRODUCTION TBD

A collection of 25 removable, ready-to-frame prints by Al Hirschfeld featuring some of the most recognizable icons of the 20th century

“To be a star on Broadway is to have one’s name in lights, yes, but it is also, and more significantly, to be drawn by Hirschfeld.” —Brendan Gill

According to Merriam–Webster, an *icon* is “a person or thing widely admired especially for having great influence or significance in a particular sphere.” When it comes to icons, Al Hirschfeld captured them all—Marilyn Monroe, Charlie Chaplin, Elvis Presley, Liza Minnelli, Julie Andrews, Sammy Davis Jr., Chita Rivera, Richard Pryor, Laurel and Hardy, and the Marx Brothers. Hirschfeld’s drawings over an unprecedented 80-year career have often become the definitive representations of these performers.

On the heels of *Hirschfeld’s Sondheim* comes the next book in our poster book series—*Hirschfeld’s Icons*—a look at the greatest actors, actresses, musicians, movie, and TV stars of the past century. No other artist has had a front–row seat to pop culture the way Hirschfeld did. Accompanied by expert commentary and biographies by David Leopold, the foremost expert on Hirschfeld and the Creative Director of the Al Hirschfeld Foundation, we showcase the best of the best—including rare images from the archives and an all–new introduction by TBD. *Hirschfeld’s Icons* captures not just the most memorable roles of these icons from theater, film, music, dance, and television, but it reaffirms Hirschfeld’s legacy as one of our most iconic artists as well.

Al Hirschfeld’s (1903–2003) art stands as one of the most innovative efforts in establishing the visual language of modern art through caricature in the 20th century. A self–described “characterist,” his signature work appeared in virtually every major publication over nine decades (including a 75–year relationship with the *New York Times*) as well as numerous book and record covers and 15 postage stamps. Just before his death in January 2003, he learned he was to be awarded the Medal of Arts from the National Endowment of the Arts and inducted into the Academy of Arts and Letters. The winner of two Tony Awards, Hirschfeld was given the ultimate Broadway accolade when the Martin Beck Theater was renamed the Al Hirschfeld Theater. **David Leopold** is an author and curator based in New York City who has organized exhibitions for institutions worldwide including the Library of Congress, the New York Public Library for the Performing Arts, and the Victoria and Albert Museum in London, among others. He is Creative Director of the nonprofit Al Hirschfeld Foundation, authored multiple books on Hirschfeld, and co–hosts the *Hirschfeld Century Podcast*.

ACCESSIBLE PRICE POINT:

These 25 posters are being collected and presented at an accessible price point for the first time, making Hirschfeld’s works widely available to his fans and to the fans of the iconic entertainers he depicted in an eighty year career (including a 75–year relationship with the *New York Times*).

For the first time ever, Al Hirschfeld’s iconic artwork is available at an affordable price point in this oversize poster book featuring 25 removeable, ready-to-frame posters showcasing the works of Stephen Sondheim

Al Hirschfeld drew his first Sondheim show in 1957—*West Side Story*. These images capture the essence of the performances even better than the photographs of the shows. All of Sondheim’s best-known musicals are included—*West Side Story*, *Follies*, *Sweeney Todd*, and *Sunday in the Park with George*—in 25 ready-to-frame, removable art prints. On the reverse side—rare, ancillary images from the Hirschfeld archives, as well as an introduction by Bernadette Peters, a foreword by Ben Brantley, and revealing text by David Leopold.

● BY BRIAN FIES; FOREWORD BY MK CZERWIEC

Timed for the 20th anniversary of the critically acclaimed, Eisner Award–winning webcomic–turned–graphic novel, *Mom’s Cancer* is now available in a revised and expanded edition

Winner of the first–ever Eisner Award for Best Digital Comic in 2005, *Mom’s Cancer* was the reason the category was created, and has been hailed as one of the 10 most important Eisner Award winners of all time by *Comic Book Resources (CBR)*. An honest, unflinching, and sometimes humorous look at the practical and emotional effect that serious illness can have on patients and their families, *Mom’s Cancer* is a story of hope—one that has changed the lives of readers worldwide, created new fields in the comics industry, and was the inspiration for Graphic Medicine, a field that explores and supports the interaction between the medium of comics and the discourse of healthcare.

Mom’s Cancer first gained notice online as a webcomic. It was posted anonymously by Brian Fies, with the intention of sharing information and insights gained from his family’s experience. Just prior to publication, *Mom’s Cancer* became the recipient of the first–ever Eisner Award for Best Digital Comic, and went on to win the German Youth Literature Prize, the Harvey Award for Best New Talent, and the Lulu Blooker Prize, and received multiple nominations, including Best Book for Young Adults from the American Library Association. It has also been translated into seven languages and counting. Twenty years later, *Mom’s Cancer* continues to resonate with readers all over the world.

This revised and expanded anniversary edition features 32 pages of of all–new material, including 22 additional comics pages and essays from Fies and nurse MK Czerwiec, cofounder of graphicmedicine.org, that will provide readers and teachers and practitioners with context and resources for how to use this book.

Brian Fies is a writer and cartoonist. His widely acclaimed first graphic novel, *Mom’s Cancer*, won the Eisner Award for Best Digital Comic in 2005 (the first webcomic to win this award and the inspiration for the category), the 2007 Lulu Blooker Prize for Best Comic, the 2007 Harvey Award for Best New Talent, and the 2007 German Children’s Literature Award. He is also the author of the acclaimed, award–winning graphic novels *A Fire Story*, which received four starred reviews and a regional Emmy Award for an animated adaptation; *Whatever Happened to the World of Tomorrow?*, winner of the American Astronautical Society’s 2009 Eugene M. Emme Award for Best Young Adult Literature; and *The Last Mechanical Monster*, which received a starred review from *Publisher’s Weekly* and was an Eisner nominee for Best Digital Comic. He lives in Santa Rosa, California.

Francis Ford Coppola's Megalopolis

AN ORIGINAL GRAPHIC NOVEL

- WRITTEN BY FRANCIS FORD COPPOLA; ADAPTED WITH CHRIS RYALL; ILLUSTRATED BY JACOB PHILLIPS

In his debut graphic novel, legendary award-winning director Francis Ford Coppola's *Megalopolis* comes to life with an all-new, reimagined story, adapted by Coppola with Chris Ryall and award-winning artist Jacob Phillips

Megalopolis: The Director's Cut Graphic Novel is a unique 160-page graphic novel that presents an alternate version of Francis Ford Coppola's visionary film, created and written by Francis Ford Coppola, adapted by Chris Ryall in collaboration with Coppola, and illustrated by Eisner Award-nominated cartoonist Jacob Phillips.

The City of New Rome must change, causing conflict between Cesar Catilina, a genius artist who seeks to leap into a utopian, idealistic future, and his opposition, Mayor Franklyn Cicero, who remains committed to a regressive status quo, perpetuating greed, special interests, and partisan warfare. Torn between them is socialite Julia Cicero, the mayor's daughter, whose love for Cesar has divided her loyalties, forcing her to discover what she truly believes humanity deserves.

Francis Ford Coppola is the acclaimed writer and director of some of the greatest and most unique films of all time, including *The Godfather*, *Apocalypse Now*, and *The Conversation*. Over the course of his career, he has received five Academy Awards, six Golden Globe awards, two Palme D'Or awards, and a BAFTA. *Megalopolis: The Director's Cut* is his debut graphic novel, not a licensed adaptation of his film of the same name. He lives in San Francisco. **Chris Ryall** was the longtime chief creative officer, editor in chief, and writer for IDW Publishing. Photographic Memory

WILLIAM HENRY JACKSON AND THE AMERICAN WEST

● WRITTEN AND ILLUSTRATED BY BILL GRIFFITH

Legendary cartoonist Bill Griffith brings a personal touch to this graphic novel history of his great-grandfather, William Henry Jackson—a pioneering photographer of the American West

In his new graphic biography, legendary cartoonist Bill Griffith, creator of *Zippy the Pinhead*, tells the story of his namesake and great-grandfather, William Henry Jackson, who was one of the first photographers of the American West.

Jackson's photography spurred Americans to move westward, inspiring photographers such as Ansel Adams, and playing a role in the creation of our national parks, including Yellowstone. Using his unique approach to graphic novel biography, which *Kirkus* hails as setting a "standard" for the medium, Griffith explores every aspect of his great-grandfather's life and legacy, which he pulls from family letters, diaries, and anecdotes, primary sources, and the archives of the New York Public Library and the Library of Congress, as well as from the more than 25 books written about Jackson and his work.

Like all of Griffith's biographies, *Photographic Memory* is a thoroughly researched, sharply observant character study written from a place of love, which explores photography in an illustrated medium. Not an easy trick to pull off—unless you are Bill Griffith.

Bill Griffith is the creator of the syndicated daily comic strip *Zippy*. On our ComicArts list, he is the author of *Nobody's Fool: The Life and Times of Schlitzie the Pinhead* and *Three Rocks*, the critically acclaimed, Eisner Award-winning biography of Ernie Bushmiller. Griffith's prolific output has been included in such publications as the *Village Voice*, *National Lampoon*, and *The New Yorker*. Griffith is also credited in *Bartlett* for coining the popular phrase, "Are we having fun yet?" He lives in Hadlyme, Connecticut.

From Bill Griffith, creator of *Zippy the Pinhead* and *Nobody's Fool*, comes *Three Rocks*, a biography of cartoonist Ernie Bushmiller, creator of the iconic comic strip *Nancy*. But this graphic novel is about more than a single comic book artist. It is the story of this American art form, tracing its inception in 1895 with the *Yellow Kid*, the creation of *Nancy* in 1933, and all the strips that followed, including *Peanuts* and *The Far Side*. When Bushmiller died in 1982, *Nancy* was running in almost 900 daily newspapers—a number few syndicated cartoonists ever achieve.

Nancy is hailed as the “perfect” comic strip by fans and cartoonists alike. The title *Three Rocks* refers to the trope of three hemispherical rocks often seen in a Bushmiller landscape—just enough to communicate environment to the reader. This distillation is exemplary of the iconic, diagrammatic look of *Nancy*, a comic strip about the nature of what it means to be a comic strip—the perfect avatar for Griffith to expand upon his philosophy of creating comics.

Bill Griffith is the creator of the syndicated daily comic strip *Zippy* and the author of *Nobody's Fool: The Life and Times of Schlitzie the Pinhead*. Griffith's prolific output has been included in such publications as the *Village Voice*, *National Lampoon*, and *The New Yorker*. According to Bartlett, Griffith coined the popular phrase, “Are we having fun yet?” He lives in Hadlyme, Connecticut.

Praise for *Three Rocks*

“As the widest-ranging cartoon chronicler of American absurdity in our time, Bill Griffith has topped himself. This is an instant comic-strip classic!” —Matt Groening

“For many years, I've devoured Bill Griffith's work. It's always inspiring and engrossing. As it never fails to do, Griffith's brilliance and consummate drawing chops shine through. *Three Rocks* is amazing!” —Emil Ferris

“A page-turning, standard-setting, must-have work of biographical art.” —Chris Ware

Kent State

FOUR DEAD IN OHIO

● BY DERF BACKDERF

From Derf Backderf, the bestselling author of *My Friend Dahmer* and *Trashed*, comes the tragic and unforgettable story of Kent State—winner of the Eisner Award for Best Reality–Based Book—now in paperback

“MY GOD! THEY’RE KILLING US!”—freshman Ron Steele, *Newsweek*, May 18, 1970

On May 4, 1970, the National Guard gunned down unarmed college students protesting the war in Vietnam at Kent State University in Ohio. In a deadly barrage of 67 shots, four students were killed and nine wounded. It was the day America turned guns on its own children—a shocking event burned into our national memory. A few days prior, ten-year-old Derf Backderf saw those same guardsmen patrolling his nearby hometown, sent in by the governor to crush a trucker strike. Using the journalism skills he employed on *My Friend Dahmer* and *Trashed*, Backderf has conducted extensive interviews and research to explore the lives of those four days in May when the country seemed on the brink of tearing itself apart. *Kent State: Four Dead in Ohio*, first published in time for the 50th anniversary of the tragedy and now in paperback, is a moving and troubling story about the bitter cost of dissent—as relevant today as it was in 1970.

Derf Backderf is the bestselling and award-winning author of *My Friend Dahmer*, *Trashed*, *Punk Rock and Trailer Parks*, and *Kent State*, and is the recipient of the prestigious Robert F. Kennedy Journalism Award for political cartooning. His weekly comic strip, *The City*, ran for nearly 25 years and appeared in more than 140 newspapers. He lives in Ohio.

Praise for *Kent State*

* “An excellent graphic retelling of a climactic moment in American history. Backderf’s vivid, evocative book does a splendid job of keeping their memories alive.”

What's Wrong?

PERSONAL HISTORIES OF CHRONIC PAIN AND BAD MEDICINE

● BY ERIN WILLIAMS

A gorgeously illustrated critique of how the American healthcare system fails women, people of color, and nonbinary individuals—perfect for fans of *Invisible Women*

“A humane and gripping work that illuminates how (and why) our treatments of chronic illness fail, and a devastating portrait of the ways our society fails to protect the bodies of its most vulnerable members.” Melissa Febos, author of *Girlhood*, winner of the National Book Critics Circle Award

WHAT'S WRONG? is author, illustrator, and scientific researcher Erin Williams's graphic exploration of how the American health-care system fails us. Focusing on four raw and complex firsthand accounts, plus Williams's own story, this book examines the consequences of living with interconnected illnesses and conditions like:

- immunodeficiency
- cancer
- endometriosis
- alcoholism
- severe depression
- PTSD

Western medicine, which intends to cure illness and minimize pain, often causes more loss, abuse, and suffering for those Americans who don't fit within the narrow definition of who the system was built to serve—cis, white, heterosexual men. The book explores the many ways in which those receiving medical care are often overlooked, unseen, and doubted by the very clinicians who are supposed to heal them. WHAT'S WRONG? is also a beautiful celebration of nontraditional modes of healing, of how we become whole *not because* of healthcare but *despite* it.

Erin Williams is the author and illustrator of *Commute: An Illustrated Memoir of Female Shame* and the coauthor and illustrator of *How to Take Care: An A–Z Guide of Radical Remedies* and the Big Activity Book series She has more than a decade of experience in data analysis and scientific research. She lives in New York with her spouse, child, and an array of pets.

CRITICAL TOPIC: With Roe v. Wade being overturned and fears of not having access to safe healthcare opportunities, this book is more important now than

M Is for Monster

A GRAPHIC NOVEL

● BY TALIA DUTTON

A scientist attempts to bring her younger sister back to life with unexpected results in this Frankenstein–inspired graphic novel about ghosts, identity, and family

When Doctor Frances Ai's younger sister Maura died in a tragic accident six months ago, Frances swore she would bring her back to life. However, the creature that rises from the slab is clearly *not* Maura. This girl, who chooses the name "M," doesn't remember anything about Maura's life and just wants to be her own person. However, Frances expects M to pursue the same path that Maura had been on—applying to college to become a scientist—and continue the plans she and Maura shared. Hoping to trigger Maura's memories, Frances surrounds M with the trappings of Maura's past, but M wants nothing to do with Frances' attempts to change her into something she's not.

In order to face the future, both Frances and M need to learn to listen and let go of Maura once and for all. Talia Dutton's debut graphic novel, *M Is for Monster*, takes a hard look at what it means to live up to other people's expectations—as well as our own.

M Is for Monster is one of the titles on our Surely list which is dedicated to showcasing gay, lesbian, bisexual, transgender, queer, intersex, and asexual creators and stories.

Talia Dutton is a queer, biracial Asian cartoonist and illustrator. A firm believer in the intersection of art and play, Dutton creates introspective comics about monsters and humanity, trying to find the humor and warmth of the mundane in the fantastical. She received a BA from Brown University in 2018 and an MFA in comics from California College of the Arts in 2020. She lives in Los Angeles, where she waits patiently for the love of her sister's hamster, Boba McBumster.

Flung Out of Space

INSPIRED BY THE INDECENT ADVENTURES OF PATRICIA HIGHSMITH

● BY GRACE ELLIS

A fictionalized account of infamous author Patricia Highsmith caught up in the longing and obsession that would inspire her groundbreaking work of queer fiction, *The Price of Salt*

WINNER OF THE 2023 EISNER AWARD FOR BEST REALITY-BASED WORK

Flung Out of Space is both a love letter to the essential lesbian novel *The Price of Salt* and an examination of its notorious author, Patricia Highsmith. Veteran comics creators Grace Ellis and Hannah Templer have teamed up to tell this story through Highsmith's eyes—reimagining the events that inspired her to write the story that would become a foundational piece of queer literature. *Flung Out of Space* opens with Pat begrudgingly writing low-brow comics. Her brain churns with images of the great novel she could and should be writing, what will eventually be *Strangers on a Train*.

At the same time, Pat, a lesbian consumed with self-loathing, is in and out of conversion therapy, leaving a trail of sexual conquests and broken hearts in her wake. However, one of those very affairs—and a chance encounter in a department store—give Pat the idea for her soon-to-be beloved tale of homosexual love that was the first of its kind: It gave the lesbian protagonists a happy ending.

Author Grace Ellis contextualizes Patricia Highsmith as both an unintentional queer icon and a figure whose problematic views and noted anti-Semitism have cemented her controversial legacy. Highsmith's life imitated her art with results as devastating as the plot twists that brought her fame and fortune.

The updated paperback edition of *Flung Out of Space* includes sixteen pages of bonus content with in-depth visual development materials and a teaching guide.

Grace Ellis burst onto the comics scene with *The Lumberjanes*, which she cocreated and cowrote. It was a *New York Times* bestselling, Eisner and GLAAD Award-winning comics series that broke the mold of both YA and superhero comics. Ellis lives in Columbus, Ohio. Hannah Templer is a queer cartoonist currently living in Baltimore, Maryland. She is the creator of *Cosmoknights*, an original graphic novel series, and has illustrated covers for Dark Horse, IDW, Valiant, BOOM! Studios, Marvel, HarperCollins, and Abrams Books.

Praise for *Flung Out of Space*

"Nobody could have done it better . . . Ellis and Templer take for granted that women can create great comics. It's queerness, not female power, that they're fighting for."
—Etelka Lehoczky

"This graphic novel—the funny and sad tale of a great lesbian writer's struggle to find herself—is deftly told, and the spare illustrations are infused with idiosyncrasy and energy." —*New York Times Book Review*, Editors' Choice

"Highsmith devotees will appreciate this glimpse into how a life of secrets extended beyond the pages of her fiction."

Kindred

A GRAPHIC NOVEL ADAPTATION

- WRITTEN BY OCTAVIA BUTLER; ADAPTED BY DAMIAN DUFFY; ILLUSTRATED BY JOHN JENNINGS

A graphic–novel adaptation of Octavia E. Butler’s groundbreaking science–fiction classic offers an unflinching look at slavery, race, and the role of women in society

“Everything the literature of science fiction can be.” —Walter Mosley

“That rare magical artifact . . . the novel one returns to again and again.” —Harlan Ellison

Kindred, Octavia Butler’s literary science–fiction masterpiece first published in 1979, tells the story of Dana, a young black woman who is suddenly and mysteriously transported from her home in 1970s California to the antebellum South. Dana moves between worlds: one in which she is a free woman and another where she is part of a complicated familial history on a southern plantation, forced to interact with and save the life of Rufus, a conflicted white slaveholder and one of her ancestors. Frightening, compelling, and richly detailed, *Kindred* takes an imagined yet unstinting look at our complicated social history. Adapted as a graphic novel by celebrated academics Damian Duffy and John Jennings with the full co–operation of the Butler estate, *Kindred* explores the violence, sexuality, loss of humanity, and twisted relationships engendered by slavery, in a format that introduces the work to a new generation of readers.

Octavia E. Butler was an award–winning writer widely considered the best science–fiction writer of her generation. **John Jennings** is Associate Professor of Visual Studies at SUNY–Buffalo and has written several works on African American comics creators. **Damian Duffy** is a cartoonist, writer, letterer, and PhD candidate at the Urbana–Champaign Graduate School of Library and Information Science and the University of Illinois.
