## Stephanie Laurens

#1 New York Times bestselling author Stephanie Laurens began writing romances as an escape from the dry world of professional science. Her hobby quickly became a career when her first novel was accepted for publication, and with entirely becoming alacrity, she gave up writing about facts in favor of writing fiction.

Laurens's novels are primarily set in the time period from the British Regency to early Victorian times, and her settings range from Scotland to India. Laurens has published over seventy works of historical romance, including 40 New York Times bestsellers.
